

Overview: It is a complete collaboration software solution that provides email, scheduling, instant messaging, task management, contact management and document management functions.

Micro Focus GroupWise has always been a secure, reliable home base for workforce productivity. Now GroupWise enhances the email you love with all-new features and increased integration. With enhancements making email easier for end-users as well as behind the scenes where administrators live-GroupWise will help you get more done at every level of your organization.

Highlights

Wander while you work: GroupWise gives employees robust email, calendaring, task management and contact management tools wherever they wander. The same goes for admins, who get streamlined and web-based administration to let them monitor, manage and make things happen on the go.

Dynamic flexibility: GroupWise gives end users a flexible, dynamic interface that works the way they want to work-and the freedom to make (or change) decisions at will. It also supports the platforms and devices admins need, and even flexes itself to work with Active Directory and Microsoft Exchange.

Built for today: GroupWise provides classic email & calendaring features in a modern and efficient package. It runs on the latest data center technology, supports the latest devices, and sports a user interface that dynamically adjusts to deliver just what you need, right when you need it.

Features

- ☞ **Social threading:** Reduce the clutter when you get multiple responses to any email.
- ☞ **Home view:** You can customize it to fit your business needs.
- ☞ **Scheduling:** View & manage your appointments, tasks & reminder notes.
- ☞ **Task management:** Stay on top of critical action items by creating tasks.
- ☞ **Easier attachments:** Email can quickly be bogged down with attachments.
- ☞ **Contact management:** Gives you easy access to key information for all contacts.
- ☞ **Secure instant messaging:** Communicate in real time with others through Messenger.
- ☞ **Mobile access:** A full set of options to stay connected whenever you're on the move.
- ☞ **Administrative features:** A single admin can support up to 10,000 GroupWise users.
- ☞ **Cloud email:** Get all the benefits of GroupWise in the cloud.
- ☞ **Built for today:** Runs on the latest data center technology & supports the latest devices.
- ☞ **Coexistence:** Run both GroupWise and Exchange simultaneously in your environment.
