

## ABOUT US

G.T. Enterprises popularly known as GTE was established during early 1994. A humble beginning has been made by introducing Free and Open Source Software and Services (also known as FOSS) to the Indian market. Over the last two decades GTE has expanded its foray of Technology Services to cater many verticals in the industry. During 2006 GTE envisaged the need for world class training facilities in various, latest and budding technologies, thus opening up opportunities to people in India to get trained in cutting edge technologies

Presently GTE is the Authorized Training Partner for big brands under different domains such as Virtualization, Cloud Computing, RDBMS & Big Data, HPC, Storage - DR, Scientific Research Tools, Security & Compliance, Mobility & many more. Besides Corporate & Public batches, GTE also conducts customized Training, On-Line Training, Video Instructor lead Training (VILT) & 1:1 Exclusive Training under T-T-H Program (Training – Tourism – Hospitality). GTE Training centers are spread PAN India (Bangalore, Chennai, Hyderabad, Cochin, Trivandrum, Goa, NCR Area, Mumbai, Nagpur, Pune, Ahmedabad, Kolkata) besides internationally in UAE, SAARC, Sri Lanka and Bangladesh. GTE believes in providing latest in Education and has been consistently investing on well trained and qualified Human Resources and up to date Infrastructure.

### Faculty Development Program (FDP)

GTE has customized Training offerings to support and guide University Degree Colleges and Engineering Institutions with Faculty Development Program aimed at enriching the skills of Faculty and Researchers with cutting edge technologies & hands on experience on various technologies such as **Virtualization, Cloud Computing, RDBMS and Big Data, HPC, Storage - DR, Scientific Research Tools, Security & Compliance and Mobility and many more.**

### Training Infrastructure

GTE has State-of-the-Art (S-o-A) Data Centre in Bangalore, established to meet the demands of education services with a fully equipped "Virtual Data Centre Kit (VDC)" creating an **environment to cater** end to end services to the students. Each of the Students who receives a KIT from us will have "VDC" to practice lab sessions. Our classrooms in PAN India are S-o-A with latest technologies that respond to changing learning needs and are safe, healthy and comfortable. The classrooms are spacious with seating capacity varying from 12 to 30 seats and have necessary LAN/Wi-Fi connectivity with 1:1 multiple redundant lease lines.

### Training-Tourism-Hospitality (T-T-H)

GTE has launched "T-T-H"- a unique one of its kind service, where one can choose a location of choice from various **Exotic Tourist Destinations** and enjoy training there. An option is also provided to bring family members along. The program could include Visit to places of interest nearby, getting indulged in **Social & Cultural Activities**, enjoy trekking amidst Nature and many more activities of one's choice. GTE takes care of participant and their family members right from the time of landing to return, thus making learning with tourism a life time experience for self and family.
