

GT Enterprises is happy to introduce products from Lahey Computer Systems Inc, USA. Lahey have combined 39 years of award - winning Fortran language systems with Fujitsu's compiler and high-performance code generator to deliver the most-productive, best supported Fortran 95 language system for the PC.

Lahey Products

Lahey Fortran Professional v7.8

Combining the 32/64-bit LGF Rainier compiler with the classic Lahey/Fujitsu LF95 compiler, LF Professional v7.8 delivers! LGF Rainier has full Fortran 95/90/77 compliance with extensive support for the Fortran 2003 and 2008 standards. Lahey/Fujitsu LF95 offers best in class diagnostics.

Features

- ☞ The automatic-parallelizing GFortran compiler, Lahey/Fujitsu Fortran 95 compiler, Visual Studio 2015 Shell (compatible with VS2017)
- ☞ Lahey's Exclusive Visual Studio Fortran support.
- ☞ Winteracter WiSK Graphics package, and more!
- ☞ Compatible with Windows 10/8.x/7 (32 and 64-bit) and more!

Lahey/GNU Fortran - Rainier Edition

Full Fortran 95/90/77 compliance with extensive support for the Fortran 2003 and 2008 standards; targets 32 and 64-bit Windows. Includes the automatic-parallelizing GFortran compiler, Visual Studio 2015 Shell (compatible with VS2017), Lahey's Exclusive Visual Studio Fortran support, Winteracter WiSK Graphics package, and more! Compatible with Windows 10/8.x/7 (32 and 64-bit) and more!

Lahey/Fujitsu Fortran Express v7.3

Powerful Lahey/Fujitsu Fortran 95 optimizing command-line compiler, linker, command-line debugger, and librarian! Compatible with Windows 10/8.x/7 (32 and 64-bit) and more.

Winteracter v11.0

Winteracter is a Fortran 9x user interface and graphics toolset supporting Microsoft Windows and X Windows. It combines a comprehensive subroutine library with an extensive set of visual tools that simplify the design and development process. Winteracter-based applications can be totally Fortran 9x-based, eliminating the need to resort to compiler-specific features, mixed-language programming or low-level API calls.

Programming Services

- | | |
|---|--|
| ☞ Simplify code | ☞ Application creation based on ideas or design |
| ☞ User interface additions or modifications | ☞ Translation from one language to another |
| ☞ Mixed language development | Workshops |
| ☞ Platform migration | ☞ .NET projects - Read about a Navy .NET project |
| ☞ Internet accessibility via a web browser | ☞ Languages: Fortran, C, C++, C#, Visual Basic, |
| ☞ Database applications | assembly |
