

G.T. Enterprises is happy to introduce the products from Scalix, USA. Scalix address the needs of enterprises for a robust, feature-rich messaging solution that offers freedom and choice. Our guiding philosophy is to be open. Scalix product architecture is open, and our product integrates with existing messaging clients, infrastructure, and applications. Scalix provide full-feature support of Outlook, are directory agnostic, and co-exist with Exchange.

## Product edition

### Enterprise Edition

It supports multiple servers and high availability, and scales for even the largest organizations.

### Small Business Edition

It includes package of business functionality including a means to instantly recover deleted items on a user-specific basis, wireless device support.

### Hosting Edition

It designed for MSPs looking to provide customers with outsourced e-mail.

### Scalix Starter Packs

It designed to get smaller companies up and running quickly with a powerful email and calendaring system including ActiveSync mobility for 5 or 10 users.

### ActiveSync

It is a server-side implementation of Microsoft's ActiveSync protocol, providing for push email and wireless calendar and contact synchronization with a wide variety of devices.

### Scalix Connect for Blackberry Enterprise Server

It is a server-side deployment that supports all Blackberry devices, and provides for push email wireless over-the-air contact, calendar and task synchronization, meeting scheduling, out of office and remote address book/GAL lookup.

### Scalix Antispam and Scalix ZeroHour Antivirus

It provide an additional layer of real time defense against spam, phishing, spyware, virus and worm attacks sent out in e-mail blasts.

**Scalix Architecture**

### With Scalix you can:

- ☞ Offer a high value Outlook experience.
- ☞ Increase margins with lower server counts and compelling subscription.
- ☞ Reduce your licensing costs.
- ☞ Extend and differentiate your offerings.
- ☞ Stay up and running with a infrastructure that uses compute and operational resources.
